Comments	<i>Document will be live shortly</i>

This document is a placeholder document. The actual document is being drafted and will be published at this location once endorsed. The document is registered in the Policy Register with a status of *“Under development”*.

Establishing this placeholder document provides two benefits:

1. A unique Document ID is generated for inclusion with the actual document
2. Staff searching the intranet will be aware a document on this topic is being developed with an available contact.
