

Entry notice for parcel prospecting permits

This template is produced by the Queensland Department of Natural Resources, Mines and Energy to assist parcel prospecting permit holders with a standard notice that can be given to land owners or occupiers.

This is a template form only and is not required to be lodged with the department.

The parcel prospecting permit holder is required to notify the land owner or occupier prior to entry and comply with the requirements of section 32 of the *Mineral Resources Act 1989*.
