

All data is collected pursuant to the practice manual provisions of the resources legislation, being section 202 of the *Mineral and Energy Resources (Common Provisions) Act 2014*.

If form is completed by hand please print clearly in ink and use block letters.

1. Tenure information

Tenure(s)

Company name (s)

Contact name

Contact email

2. Survey information

Method of survey Airborne Ground

Survey Observations (select all that apply)

Magnetics Radiometric EM Electrical Magnetolluric

Gravity Gravity Gradiometry Seismic or other (specify):

Start Date (Proposed)

End Date

Survey name

Contractor

3. Survey details (where applicable)

Configuration/Instrumentation:

Total line km/stations:

Survey Interval (m):

Contractor Job Number:

Line orientation (degrees):

Flight height (m):

Requirement to submit data

Please lodge this notification using the GSQ Lodgement Portal.

All geophysical survey data is required to be submitted electronically via the [GSQ Lodgement Portal](#).

<https://www.business.qld.gov.au/industries/mining-energy-water/resources/minerals-coal/online-services/gsq-lodgement-portal>

Notes:

- This notification must be submitted prior to submission of data to obtain a unique identifier from the department which is required on lodgement of a Geophysical Survey Report - Final.
- Detailed survey specifications should be provided on submission of the data with the annual report.
- All airborne data must be submitted in accordance with the [Minerals and Coal Reporting Practice Direction](#).
