1Part 33 – Release of Covenant/Profit a prendre

General Law

A covenant or profit a prendre that is registered in the Registry creates a charge over the lot(s) or land described in it and requires compliance with the obligations contained in the instrument or document.

The grantee may execute a release of a covenant or profit a prendre and on registration in the Land Registry, the charge is discharged to the extent shown in the release.

Practice

The appropriate form for a release of either a covenant or a profit a prendre is a Form 33 – Release of Covenant/Profit a prendre.

Release of Covenant

A covenant may be wholly or partly released by registering a Form 33 – Release of Covenant.

A partial release of covenant must clearly specify the extent to which the covenant is released. If a covenant restricted several uses and was to be released from less than all of the uses, the use to be released can be described verbally and that description of an obligation may be included in item 5 of the Form 33 or if insufficient space, in a Form 20 – Enlarged Panel annexed to the Form 33.

For a partial release of part of the area affected by a covenant the area being released or the area not being released must be defined on a survey plan (see the Registrar of Titles Directions for the Preparation of Plans for the requirements for a plan for an area for a covenant).

A covenant that is for ensuring that lots or land remains in the same ownership can only be partially released if at least two lots or parcels of land remain subject to the covenant after the partial release.

The release must be signed by the covenantee.

Release of Profit a prendre

Under the provisions of ss 97L(1) and (2) of the Land Title Act 1994 or ss 373O(1) and (2) of the Land Act 1994 a profit a prendre may be released to the extent shown in the release.

A profit a prendre may be partially released i.e. so far as it relates to:

- part of the land; or
- some of the substances that may be taken from the land. For example, a profit that entitles a party to take trees and gravel might be partially released so that the trees are excluded leaving only the right to take gravel.

Updated: 7 December 2011
The release must clearly specify the extent to which the profit a prendre is being released.

If the release does not release the whole of the land from the profit a prendre, the area being discharged or the area not being discharged must be defined on a survey plan.

A Form 33 – Release of Covenant/Profit a prendre signed by the covenantee/grantee must be lodged to register a release of a profit a prendre.

Lodgement fees are payable.

A release of a profit a prendre requires a duty notation.
