

Permanent Water Trading Interim Report

UNDERGROUND WATER, SUPPLEMENTED SUPPLY

Period: 1-31 July 2018

Transfer of Ownership - Land and Water

In addition to the trade of water separate from land, water allocations can also be traded together with land as a 'going concern'. The table below presents the number of transfers of water and land together along with the total volume of water entitlement transferred and the portion of the total available water those transfers represent in each Water Plan area.

Water Plan	Number of Transfers	Total Volume (ML)	Volume Turnover (%) [*]
Fitzroy	1	80	<1
Period Total	1	80 ML	<1%
Fin YTD 18/19	1	80 ML	<1%

*Percentage of the total volume of water allocation traded with land in the reporting period.

^ WPBN refers to the Warrego, Paroo, Bulloo and Nebine systems.
