Lionel,

Newlands Highwall Mine are going to present it's ICAM on the highwall failure on Monday 7<sup>th</sup> December in Mackay office in the morning

As Deon has done a technical investigation , been to site and he is a geotechnical engineer – I'm asking whether he can come up for this presentation .

Hi all,

Newlands have advised that as of 18 May 2016 the Newlands Highwall area (M03415) is no longer operating.

To allow for the Mine Id to be closed in Lotus Notes the open MRE's need to be closed.

When possible could you please close out the MREs that you have created. Thanks.

Regards,

All

So as to close Newlands Highwall out of the inspection schedule there is a need to close currently open MREs that you have issued.

Can you please go in a close the relevant MREs or if you want I can do it. Please advise.

Regards

Peter H
