Multiple vegetation categories maybe selected		
<input type="checkbox"/> Category B	<input type="checkbox"/> Category C	<input type="checkbox"/> Category R

11. Self-audit

If this is the first notification for fodder harvesting on this lot on plan go to **question 12**.

Have you undertaken a self-audit of the clearing undertaken previously, and was the clearing consistent with the code requirements?

Yes – You are required to keep records of your clearing activities and make them available to the Department of Natural Resources, Mines and Energy upon request.

No – You cannot continue until you have undertaken a self-audit. If you need assistance, please contact us.

12. Regional ecosystems in which clearing will occur

At least one regional ecosystem **must** be listed for each category of vegetation selected in **question 10**.

Category B

Category C

Category R

13. Notification area

There are restrictions on the maximum area which can be cleared under this code which depend on the category or categories of vegetation selected. Please ensure you have read the code and understand these limitations.

Has this area been harvested in the past 10 years?

Yes – Fodder harvesting must NOT occur in a previously harvested area more than once every 10 years.

No

How large is the area to be cleared?

Area in hectares

What is the location of the area to be cleared?

Please attach information on the area that is to be cleared, by clearly marking on a map or aerial photograph the area to be cleared.

A vegetation property report (including maps of your property) can be accessed through the website or by visiting any of our business services centres. For information on vegetation property report please call 135 VEG or 135 834.

14. Exchange area

When clearing Category C and /or Category R areas an exchange area is required when the clearing is in an area of essential habitat.

Does the clearing require an exchange area?

Yes - An exchange area must be legally secured prior to clearing. The code outlines the specific requirements for securing exchange areas, including that the exchange area be made a Category A area.

Enter exchange area reference number:

No

15. Acknowledgments

Forestry acknowledgements

Before clearing vegetation on the property, you should contact the [Department of Agriculture and Fisheries](#) on 13 25 23 if:

- there is a profit a prendre registered on title and associated forest consent agreement regarding native forest timber; or
- the property contains a forest entitlement area on which the State owns the commercial timber rights; or
- the tenure of the property is not freehold as the State may have commercial timber rights.

Record keeping acknowledgements

- I acknowledge that I have kept the following items for record keeping purposes as part of this notification:
- evidence of the landholder's consent, where relevant
 - appropriate records detailing the process and effectiveness of all exchange area works and management actions, where relevant
 - contractor details (name, address, phone and email contact details), where relevant
 - instructions to contractors, detailing location, date, time and species, where relevant
 - all self-audits results, where relevant.

16. Declaration

- In submitting this notification, I acknowledge that :
- the information I am supplying is true and correct
 - I have read, understood and will comply with the requirements of the accepted development vegetation clearing code for the activity being notified
 - I am the landholder of the lot to which this notification applies or, where required, I have the consent of the freehold owner or lessee under the *Land Act 1994* to make this notification
 - the information I have provided will be used only in accordance with the Department of Natural Resources, Mines and Energy information privacy statement available at: www.qld.gov.au/legal/privacy/.
