

## COVID-19 Safety Plan

*as at 4 August 2020*

### Conditions of entry

As an organisation, the Museum of Lands, Mapping and Surveying has the right to refuse entry and service to people who show COVID-19 symptoms.

Visitors that meet any of the below points will not be allowed to enter the museum.

- Visitor showing signs and symptoms of COVID-19 (fever, flu like symptoms such as coughing, sore throat or headaches; or having difficulty breathing)
- Visitor who has been in close contact with a person who is COVID-19 positive
- Visitor who has travelled overseas or to a COVID-19 hotspot in the past 14 days
- Visitor who is COVID-19 positive

Contact information is required upon entry for all visitors. This information will be categorised by date and retained securely for 56 days and managed in accordance with the Information Privacy Act 2009 (Qld) and Restrictions on Business, Activities and Undertakings Direction (No. 4).

### Physical Distancing

#### Exhibition Space

We plan to do everything reasonably practicable to facilitate a safe physical distance of at least 1.5 meters between visitors to minimise the spread of COVID-19.

During Stage 3 (3 July onwards) of the government's reopening plan, 35 visitors are allowed in the exhibition space at any one time. Visitors will be asked to maintain physical distancing by allowing 1.5 meters of space as they move around the exhibition.

### Cleaning and Sanitation

We have increased the frequency of cleaning and sanitising of regularly used surfaces within the exhibition space. Any surface that visitors might be touching is cleaned daily with anti-bacterial cleaner.

Visitors are advised to have their own anti-bacterial hand sanitiser and use it before they enter the museum and after they leave. Should it be required, an alcohol-based hand sanitiser is accessible within the Museum.

Anyone who begins to display symptoms such as fever, coughing, a sore throat and shortness of breath at the museum must leave immediately.

### Your Safety is Important to Us

We have removed all printed brochures from the exhibition space.

Our touchscreen kiosk will not be available for use until further notice.

We would ask that you look but do not touch the display cases or any of the exhibits.
